Simulation Program
Operating Policy and Procedure Manual

SIM OP: 90.140 Educational Experiences Outside the Simulation Center (classroom setting)

PURPOSE: This TTUHSC Simulation Program policy is to ensure that all skills, procedures, and simulations are demonstrated and conducted in an environment that replicates the actual clinical/practice setting as closely as possible.

REVIEW: The Simulation Program OP will be reviewed September 1 of each even-numbered year by the Executive Director of the Centers.

POLICY/PROCEDURE

1.0 Policy

Faculty/facilitators are expected to adhere to current evidence-based practice guidelines when demonstrating skills/procedures, assisting learners in developing skills acquisition, or conducting simulation-based experiences.

2.0 Procedure

A. All users are responsible for adhering to current evidence-based practice guidelines to promote transfer of knowledge and skills into the clinical environment to provide safe quality patient care.

B. To promote fidelity, it is highly recommended that faculty perform any demonstration within the simulation centers and utilize the audio-visual system (EMS) to transmit live or prerecorded video into the classroom.

C. For safety reasons, UNDER NO CIRCUMSTANCES will sharps, i.e. needs, scalpels, ampules be allowed to be taken out of the centers to a classroom setting.
